

... To windows of opportunity!

A Chamber of Commerce is an instrument of action designed to meet the needs of the community. It is a voluntary organization of business people who band together to advance the commercial and civic interests of the community that it serves.

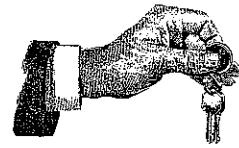

The Chamber provides the forum and the mechanism that enables business people to accomplish collectively what they could not achieve individually.

The Chamber of Commerce is the strongest voice of business in the community. Its strength lies in attracting an ever increasing number of firms into membership. This creates the pool of resources from which leadership, ideas, talent, energy and finances can be drawn and effectively brought to bear on a wide range of issues that affect the community and it's businesses.

Your membership in the Chamber of Commerce is vital. It is an investment in the future of our businesses and the community.
